here

Highlights of tours :

THSR

Construction of the Taiwan High Speed Railway (THSR) started in 1998 and was completed last year. With the help of professional engineers from 23 countries, THSR stretches out 345 kilometers with trains traveling at top speed of 315 km/hr. It now has eight stations, evenly distributed, including Taipei, Banciao, Taoyuan, Hsinchu, Taichung, Chiayi, Tainan, and Zuoying.

Tainan Science Park

Tainan Science Park (TSP), same as Kaohsiung Science Park, is supervised by Southern Taiwan Science Park. With a total superficies of 2,565 acres, Tainan Science Park includes industries such as integrated circuits, Electro-optical, Biotechnology, and so on, generating more than NT\$500 billion in production value in 2006 alone. Tainan Science Park's state-of-the-art infrastructure and efficient service by highly experienced manpower have attracted numerous multinational conglomerates and foreign investors to the park, creating more than 50,000 jobs until 2006.

Tainan Chimei Museum

Chi Mei Group, founding in 1959, has been constantly growing in different fields, such as Petro-Chemical Industry, IT Industry, Food, and so on. It is well-known for its world leading technology of TFT-LCD processing. As to contribute to the society and enrich public health of spirituality, Chimei Museum has magnificent artistic collection and holds art exhibitions and classical music concert.

Tainan historic sites

After a touch of science and technology in Taiwan, we invite you to a relaxing cultural tour in the afternoon. We serve traditional Tainan delicacy for lunch, then you will pay a historical visit to Tainan Confucius Temple, exploring the cultural aspect of Tainan. The temple was built in 1666, also known as the first Confucius Temple. Tainan Confucius Temple stood for the best educational institute in Taiwan until Manchu Dynasty. As for the preservation of the historical heritage, cultural articles of Confucius, ceremony and musical instruments from early Manchu Dynasty are kept perfectly till today.
